Reviews

Excellent electronic book and valuable one. We have read and so i am sure that i am going to likely to study again once more in the foreseeable future. I am just happy to inform you that here is the very best book i have read during my personal lifestyle and might be he greatest book for possibly.

(Brendan Wuckert)

RETOS PARA LA MEDICINA Y LA SALUD P&UACUTE;BLICA

EAE Nov 2012, 2012. Taschenbuch. Book Condition: Neu. 220x150x3 mm. This item is printed on demand - Print on Demand Neuware - Este interés nace debido a una solicitud para exponer un tema en el Congreso Internacional IOCIM en Lima Perú realizado del 05 al 07 de julio del presente año. Revisando la bibliografía de temas relacionados con endotelio vascular, señalización de procesos metabólicos en Diabetes Mellitus, relación de enfermedades como la Hipertensión Arterial, Obesidad, Diabetes, Dislipidemia, hábitos no saludables, llegué a la conclusión de que debe haber un hilo conductor que relacionen estas incógnitas porque todos estos procesos y factores causales no pueden actuar por separado. Es así que decidimos enfocar el trabajo en las diversas herramientas modernas en medicina y el complejo y vertiginoso avance de estos conocimientos y su relación con el medio ambiente. Vimos reforzado nuestro enfoque con el otorgamiento de los Premios Nobel en Medicina 2012 a investigadores de las Células Madre y el Premio Nobel de Química a la función de los receptores. Queremos despertar el interés en aspectos de Medicina y Salud Pública para el futuro de la humanidad. 56 pp. Spanisch.
