J. M. Erickson, United States, 2015. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The apocalypse is here. Hidden planets, preexisting advanced civilizations, coexisting hominid species, and new revelations have all led to the end of days. Whether by twist of fate or by the hands of the Originators, the Jovian planet is about to ignite into a sun. In its wake, Master Architect Janus of Mars will need to warn both Earth and Terra about the profound, cataclysmic effects of such an impossible astronomical anomaly within the Sol System. For wealthy German industrialist and philanthropist Christine Reich and her all-female assault group, Epsilon Team Six, it will mean forming unexpected alliances to save friends and wards. On Terra, former MIT doctoral candidate Andrea Perez will make the discovery of a lifetime-one that will alter the course of her adopted home and prove that there is more to Hades than the myth. Apocalypse picks up from where the award-winning Intelligent Design: Revelations leaves off, with more answers that are far darker than the questions. In keeping with the short, classic science fiction genre of alien worlds, spaceships, exploding planets, and larger-than-life heroes, heroines, and aliens, Intelligent Design II: Apocalypse picks up a few short years after the events laid out in the well-received, award-winning Intelligent Design: Revelations. Former MIT doctoral candidate Andrea Perez is now part of the engineer-warrior caste system in Terran society. Her main purpose is to keep the planetary holographic emitters online to keep Terra, which is on the opposite side of the sun, hidden from Earth. But a more pressing disaster is about to unfold-Jupiter is about to ignite into a sun. And yet, deep in Terra s crust, a hidden experiment is about to be...
