There is nothing watered-down or condescending about the devotions Joyce has written. She communicates profound spiritual truths in simple language and invites children to enter into the presence of the living God. It fills the tremendous gap between adult devotional books and the twaddle which dominates most preschool level Bible story books. Parents and teachers will be able to use these devotions to begin meaningful discussions with children that help their faith to develop and grow. Our prayer is that your children will be challenged and motivated to take the steps to Bigger Faith. - Rob Cyndy Shearer,...
