FIELD RESEARCH STRATEGIES (PAPERBACK)

Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.In this book Field Research Strategies there are suitable research strategies that should be undertaken by a researcher in doing any scientific research. This book has been written with the strong aim of helping geographers and alike in getting in-depth understanding and improving their knowledge and skills in all issues of research approaches. This book also is developed through maximization of simplification of basic concepts about aspects of Research; thus makes its content easily accessible to all geographers (Researcher) and students in secondary schools, high schools, colleges and universities. The two terms, research and scientific method, are closely related to research methods and techniques, although they may vary considerably from one science to another. Scientific method is the pursuits of truth as determined by logical considerations. Research is the science as other branches of sciences in which it deploys the scientific methods and procedures. The author is confident that this book will be an invaluable asset for schools, colleges and universities and that students as well as teachers and lecturers will find it useful in making the teaching and learning process easier, pleasant and more fruitful. The author of this book (Frank Philemon) is an educator and teacher (Mwalimu) of geography subject at Ministry of Education and Vocational Training (MoEVT) in Tanzania. He is also the author of other four (4) bestselling books - Secret of Success in Entrepreneurship, Human population and Development A Comprehensive Study of Meteorology and Climatology and Human and Economic Geography.
