Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Sketches and Studies in Italy The road between Vietri and Amalfi is justly celebrated as one of the most lovely pieces of coast scenery in Italy. Its only rivals are the roads from Castellammare to Sorrento, from Genoa to Sestri, and from Nice to Mentone. Each of these has its own charm; and yet their similarity is sufficient to invite comparison: under the spell of each in turn, we are inclined to say, This then, at all events, is the most beautiful. On first quitting Vietri, Salerno is left low down upon the sea-shore, nestling into a little comer of the bay which bears its name, and backed up by gigantic mountains. With each onward step these mountain-ranges expand in long aerial line, revealing reaches of fantastic peaks, that stretch away beyond the plain of Psestum, till they end at last in mist and sunbeams shimmering on the sea. On the left hand hangs the cliff above the deep salt water, with here and there a fig-tree spreading fanlike leaves against the blue beneath. On the right rises the hill-side, clothed with myrtle, lentisk, cistus, and pale yellow coronilla - a tangle as sweet with scent as it is gay with blossom. Over the parapet that skirts the precipice lean heavy-foliaged locust-trees, and the terraces in sunny nooks are set with lemon-orchards. There are but few olives, and no pines. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present...
