Here is the finest publication we have read right up until now. It is actually written in easy words instead of difficult to understand. It has been written in a remarkably easy way in fact it is only right after I finished reading this book in which it basically changed me, modified the way I really believe.

The conclusion was that, although it might be found impossible to convert the devil-worshippers, yet it would be a work pleasing to Almighty God and our Blessed Saviour to affront the devil with the sound of the Gospel where he had hoped to escape the din thereof. This theory of Dr. Mede was suitable to the state of feeling in New England in...
