This pdf is definitely worth getting. Better then never, though i am quite late in start reading this one. It is extremely difficult to leave it before concluding, once you begin to read the book.

Older babies and toddlers will love this interactive touch-and-feel book from the best-selling Ladybird Baby Touch series, helping to develop a baby's sense in the stages from birth. Look at the bright pictures of the babies on the left-hand page, then help your baby to feel the touch-and-feel daddies on the opposite page.
