The Federal Reserve System--the central bank of the United States, better known as The Fed--has never been more controversial. Whether discussing the Fed's balance sheet through the financial crisis of 2008 and beyond, the federal funds rate, or the international context, Axilrod displays a mastery of his subject. Coming in time for the Fed's 100th anniversary in 2013, this book deftly explains an institution that every American...
