It is just one of my personal favorite publications. It is among the most awesome publications I have read. It is extremely difficult to leave it before concluding, once you begin to read the book.

Lantern Books,US, United States, 2014. Paperback. Book Condition: New. 173 x 124 mm. Language: English . Brand New Book. When Green Mountain College in Poultney, Vermont, announced that two oxen called Bill and Lou would be killed and turned into hamburgers despite their years of service as unofficial college and town mascots, patrice jones and her colleagues at nearby VINE Sanctuary offered an alternative scenario: to allow the elderly bovines to retire to the sanctuary. What transpired after this simple offer was a catastrophe of miscommunication, misdirection, and misinterpretations, as the college dug in its heels, activists piled on, and social media erupted. Part true-crime mystery, part on-the-ground reportage, and part sociocultural critique, *The Oxen at the Intersection* is a brilliant unearthing of the assumptions, preconceptions, and biases that led all concerned with the lives and deaths of these two animals to fail to achieve their ends. How and why the threads of this story unspooled, as jones reveals, raises profound questions--most particularly about how ideas rooted in history, race, gender, region, and speciesism intersect and complicate strategy and activism, and their desired outcomes. In the end, notes jones, we must always ask, Where s the body? *The Oxen at the Intersection* is a brilliant case study of the tragedy of Bill and Lou, illuminating a perfect storm of speciesism, locovorst ideology, ableism, sexism, and psychological compulsion. Humans in the grip of an idEe fixe are a terrifying force, and nonhuman animals keep paying the price. How can animal advocacy interrupt this cataclysm? We failed Lou and Bill, and patrice jones superb book shows us why we failed, and how we might do better in future.--Sue Donaldson, co-author of *Zoopolis: A Political Theory of Animal Rights*.
