Springer Publishing Company. Paperback. Condition: New. 336 pages. Dimensions: 8.9in. x 5.9in. x 0.7in.This book addresses issues on both sides of the Atlantic; examines the theoretical underpinnings of environmental gerontology. . . ; and provides useful practical applications and guiding principles. . . . Recommended. --Choice: Current Reviews for Academic Libraries The environments in which people live out their later lives have a strong impact on their identity and provide opportunities for nourishing social interactions. This volume translates the insights derived from contemporary research on residential environments and public spaces that enhance well-being into practical recommendations for the design of such beneficial community environments. The text is grounded in the conceptual and theoretical underpinnings of current research on place attachment, environmental meaning, and community living in later life. Emphasis is placed on how to design residential spaces that facilitate the development of a sense of place or home, and investigation is made into the kinds of lifestyles such spaces foster and support. A major theme pervading the text is the juxtaposition of private and public space. The book also addresses such themes as the transformation of spaces into places of personal identification and attachment, the need for shared intergenerational spaces,...
